Circular No.20

Date : 18/05/2018

To,  
All the Industry Members,  
TIMA MIDC Tarapur.

**Sub: Tree plantation, rain water harvesting programme and CSR activities in 2018-19**

Ref: 1) Meeting called by Hon'ble Collector, Palghar Dist. on 26.4.2018

2) Letter received from Member Secretary, MPCB, Mumbai received through S.R.O MPCBH Tarapur

Dear Members,

Enclosed please find herewith the letter received from the Member Secretary, MPCB, Sion, Mumbai which is self explanatory.

On the eve of World Environment day it is imperative to address environmental issues and do needful. Due to extensive industrialization world over carbon dioxide levels are increasing alarmingly bringing in drastic adverse atmospheric changes. Tree plantation actively can fix carbon dioxide and control global warming. Monsoon is approaching fast and we can locate area in and around our premises and be ready for tree plantation activity.

TIMA will distribute saplings received from MIDC and industries on their own can procure/buy saplings and plant at suitable location. The data may be submitted to TIMA.

Rain water harvesting is gathering momentum to supplement depleting ground water levels everywhere. How can we participate in this activity? TIMA to get in touch with experts. Members can put forward their suggestions.

CSR: Has a great potential to address various problems, shortages, infrastructural developments in rural areas of country. Industries can plan this activity judiciously and contribute to rural development.

The information may be provided to TIMA so that it can be sent to authorities.

Looking forward to zealous participation by industries.  
For TARAPUR INDL. MFNRS.ASSN.(TIMA)

Sd/-  
VELJI GOGRI  
Vice President
